LoadMover Inc. Demo Program

LoadMover Inc. offers a Demo Program to potential buyers for a period of two weeks.

The buyer making the request for the Demo Program of a LoadMover, must submit an application form and a purchase order, along with a credit card number that will be run for the initial 50% deposit. (Customer can send a certified company check.) The final 50% will only be charged to the card if the customer decides to purchase the LoadMover after Demo trial. (Customer can submit certified company check for final payment.)

LoadMover Inc. will ship the unit to the buyer's location via common carrier, F.O.B. Bloomington, MN. The buyer requesting the Demo will be responsible for the return freight if the LoadMover is not purchased.

After the two week trial of the LoadMover the buyer must make a decision to purchase the unit or return the unit to LoadMover Inc. If the buyer decides to purchase the unit the Purchase Order will be turned in and the credit card will be run or paid by customer certified check for the amount of the unit as well as any additional accessories that were added to the unit and the freight charges. All units are sold F.O.B. Bloomington, MN.

Should the buyer decide not to purchase the LoadMover, it must be packed in its original crating and the batteries disconnected. The buyer is then responsible for all cost to ship the unit back to LoadMover Inc. Bloomington, MN. LoadMover will issue a refund of the 50% deposit either by putting credit back on the customer's credit card or by issuing a refund check.

Thank you for choosing LoadMover Inc.
